RE: Pepco Energy Services – Atlantic City

Dear Jeff:

I wanted to express my gratitude to you and your team for a job well done, I know you guys were expecting to be here only one day but you stuck it out and made sure the job was complete before you left. That is dedication that you don't see too much of anymore. Everyone was very professional and knew their job well; it's always a pleasure to work with a contractor like you which is few and far between these days. I look forward to working with you again in the future and again thank you and your team for the great work.

Sincerely,
